Re: MB Docket No. 07-198

Dear Secretary Dortch:

I am writing to express my opposition to the practice of big-business broadcasters charging exorbitant fees to TV Cable of Grayson County our local cable providers and causing my cable bill to sky rocket. It is my understanding that local providers are required by federal regulations to carry the broadcaster's signal, but I protest the fact that these broadcasters are charging enormous fees to carry these stations, which causes my cable bill to go up and up.

I would like to request you do something to address this issue immediately. The best course of action would be to immediately abolish this unfair practice and protect the millions of customers across the nation that are being unfairly treated by these big business broadcasters which use your federal regulations to raise my cable bill.

It is in everyone's best interest to stop this practice of using small-town America to line the pockets of money hungry broadcasters. I urge you again to stop allowing the broadcasters to charge these enormous fees and to bring a better sense of fairness to the process.

Thank you,
